Cozumel, Mexico

Long before Cancun became a popular destination, Cozumel was well-known as a diving spot and home to the world famous Palancar Reef, which gives divers the opportunity to view thousands of brilliantly colored fish. Non-divers can kick back on a sun-drenched beach, or enjoy any number of seaside activities, such as shopping in colorful marketplaces or dining in an open-air café.

Ilsa Roatan

This unspoiled island located almost 40 miles off the north coast of Honduras is part of the Bay Islands, which also include Guanaja and Utila. With a warm climate of around 80 degrees, you can lounge on the island's white sandy beaches or snorkel in crystal blue waters. You may spot some of the wildlife indigenous to the island, such as the Red Lored Parrot, the Lala Monkey or the Jesus Lizard, so named for its ability to "walk on water."

Belize

This tropical paradise promises adventure, both onshore and off. Crystalline rivers flow through impressive lowland jungles, home to a myriad of rare wildlife. Silky sand beaches, waving palms and colorful coral gardens are just part of Belize's natural wonders. Whether mountain biking through a lush rainforest or snorkeling with sharks, you'll experience things you've only imagined.

Costa Maya, Mexico

Tucked between Playa del Carmen and Belize, Costa Maya's brilliant Caribbean seas, silky sand beaches and verdant jungle appear to be unchanged since ruled by the vast Mayan empire more than 1,000 years ago. The only break in the emerald horizon is the occasional beach hut. Secluded jungle settings lend an air of mystery. Wild twining orchids, bougainvillea and stately ceiba trees abound. Don't miss the 8-foot-high stucco faces at Kohunlich's Temple of the Masks or the Grand Pyramids at Chacchoben.
